

New 2010 ISWC World Rankings published

The 2010 ISWC Championship Rulebook brought some significant changes for the updated speed windsurfing world rankings.

As there are only each individual riders three best results counting for the world cup ranking now, Bjorn Dunkerbeck (SUI) and Zara Davis (GBR) have taken over the lead now.

The updated rankings are also the base for the seeding for the upcoming 2010 ISWC world championships in Sotavento, Fuerteventura.

You can find the updated rankings by following [this link](#)
