Some great speeds were achieved during the first session of this years Masters of Speed edition.

Patrik DIethelm set a new Italian National and Production World Record on his Missile XS, and Antoine Albeau set a new french 10m class record. Finian was also close with a solid 46.31. All speeds are subject to WSSRC ratification, and more wind is forecasted for next week, then from the Mistral direction. Stay tuned at [www.mastersofspeed.com](http://www.mastersofspeed.com)
